Dear Parent/Guardian,

Grayling Primary School is looking forward to another great year of teaching and learning and would like to advise you of Grayling Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary.

Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school this support has allowed us to provide a wider offering of subjects and special curriculum experiences; enhanced digital learning opportunities, which have enabled students to access high level curriculum.

The teaching staff at Grayling Primary School put a lot of time and effort into selecting educational items and programs that enable them to support your child in their learning, and we negotiate extensively on behalf of our families to access quality items at the best possible prices.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Please contact the office via email at grayling.ps@education.vic.gov.au if you have any questions.

Yours sincerely,

Luke Abdallah - Principal

Tan Le - School Council President
